

The synthetic fabric that feels like true hemp fiber

# ASAKO™

Contains plant-based powder

Excellent dimensional stability

Machine washable

ASAKO™ is a polyester fabric that contains micro plant-based powder. It has a nice, dry touch, and crispy texture like true hemp fabrics. It is not only easy to care for, but also has a firm texture and feels like natural fiber. Since it's made of synthetic fiber, it's possible to apply a luster or functional finish to it as well. It's also machine washable.

亚麻风格合成纤维面料

# ASAKO™

配有植物性粉末

尺寸稳定

可在家中洗涤

将植物来源的微粉附着到聚酯纤维上，从而实现了像亚麻一样干爽挺括的舒适触感。

在保持合成纤维免烫易打理特性的同时，兼具天然如此似的自然性和挺括感。还可与光泽加工和功能加工工艺组合使用，而在天然亚麻上则难以实施这些工艺。

是一种可在家中洗涤的舒适的亚麻风格面料。
